

Certificate

of recognition

Date of issuance

09/04/2026

This certificate is issued to

Russums

They supported a portfolio of UK and international nature-based projects, planting or protecting trees that are certified under the UK Woodland Carbon Code or Verra VCS respectively.

Carbon Club woodlands support carbon capture, plus a host of co-benefits like flood mitigation, cleaner rivers and air, habitat creation, employment, public access and sustainable timber.

Club member since

19/08/2021

CO₂e purchased

184.45 tonnes

comprising:

116.14 tCO₂e (UK projects)

70.31 tCO₂e

(international projects)

Trees planted

738 trees
